CENTRAL INTELLIGENCE AGENCY
CONTRACTING OFFICER'S
DETERMINATION AND FINDINGS
AUTHORITY TO NEGOTIATE CONTRACT

The Central Intelligence Agency proposes to enter into a contract with Lockheed Aircraft Corporation, Burbank, California for services in the ZI and overseas of contractor personnel for maintenance of the U-2 airplanes.

I hereby find that this procurement, Project is estimated to cost for the period 1 July 1957 through 30 June 1958 chargeable during Fiscal Year 1958 to "No Year" funds transferred to Project AQUATONE by Department of the Air Force. I also find that this procurement is in the interest of National Defense and that it will be certified by the Director of Central Intelligence in accordance with the procedure of 15 December 1956 to be for objects of a confidential, extraordinary and emergency nature and therefore is within the purview of the procurement authority of the Agency as stated in Section 10(b) of Public Law 110, 81st Congress. Procurement by formal advertising of the services called for by Contract No. SC-58 would result in public disclosure of the nature and character of the equipment being serviced by the technicians and would thereby jeopardize the security classification of this project.

I hereby determine as Contracting Officer for this contract, that the necessity and authority for negotiation of this contract have been properly documented by proper Agency authority, and that the proposed contract must necessarily be negotiated without formal advertising.
